**here comes the bride**

**W**hat makes your heart jump with joy? Is it reams of pink taffeta, a slinky delicate beaded number or a gown inspired by one of the Hollywood greats?

The Real Life brides who have graced our pages over the years are proof positive that there's no such thing as a definitive bridal look nowadays; it's all about being yourself and letting your personality shine through. It's up to you to decide on the colour, shape and length and you can even have two dresses if you like – a day look and then something a bit sexier for the evening!

Whatever your style, we're sure that our selection of Real Life and catwalk brides will give you plenty of inspiration...
